They are, therefore, warned to pay adequate attention to this part of the syllabus. Candidates are expected to bring with them when they attend the Oral and Practical examinations, any one of the above duplicating machines in addition to the particular kind of typewriter which they used while answering the written test.

11. *Seats and accommodation for the candidates.*—(a) Candidates will be permitted to bring with them for their use at the examination hall, their own tables, chairs or stools, if they choose; provided they take care to see that by so doing, they do not give room to the slightest disturbance being caused in the examination hall.

(b) The candidates will be allowed to take their seats in the examination hall five minutes before the appointed hour for giving out the question paper and supplied with the necessary paper for answers, and get their machines ready for work with paper inserted in them and to have their register numbers at the right hand corner of their answer papers and the particular kind of Typewriter they use at the left hand corner, typed before the question paper is given to them.

12. Candidates are strictly told not to write anything on the question paper itself. Calculations or any other points they wish to note must be written on one of the blank sheets supplied to them and such sheets including the carbon papers should be left on the table. Further, candidates are strictly warned not to take carbon copies more than what is required of them in the question paper.

They should take care to see that they do not remain in the examination hall while the question paper is being distributed to the candidates in the examination hall as while their pupils are answering the question papers.

16. If, however, a candidate reports to the Superintendent that his machine has gone out of order the Superintendent will intimate this to the Manager or Instructor, if he is waiting outside on the premises, and will permit such Manager or Instructor to enter the hall (though the candidates may be at work) to inspect the machine and to remedy the defect or to supply another machine. It is, however, be clearly understood that the Superintendent incurs no responsibility in this matter; his action will be purely *ex gratia*, the whole responsibility resting on the candidate and the Manager or Instructor.

17. A similar concession will be allowed in the case of a private candidate, if he has someone outside who is willing to inspect the machine and put it right, etc.

18. *No extra time will be given to candidates to compensate for loss of time while the machine is out of order and is being put right.*

In the Mofussil.

19. Heads of Institutions who are desirous that their pupils should be examined in batches and private candidates who desire to be similarly examined should make the necessary arrangements with the Chief Superintendent concerned *four* days before the examination and furnish him with all the necessary information as to the number of candidates and machines and the time at which each batch will attend on the day fixed for the examination.

At Madras.

20. Lower Grade—Candidate's Hall Ticket.—Tickets of admission specifying the particular batch (first or second and so forth in which the candidate is to appear) will be issued on Wednesday, the 26th October 1938, between 10 a.m. and 5 p.m. at the Office of the Commissioner for Government Examinations, Old College, Nungambakkam. These tickets should be shown at the entrance to the examination hall. Candidates who produce tickets will be admitted to the batch specified in the tickets. Candidates who do not provide themselves with tickets cannot claim to be admitted to any particular batch. They will be admitted only, if spare seats are available in the hall, i.e., after seats are reserved for those who have registered their names and obtained tickets for the batch. Candidates who do not hold tickets will accordingly have to wait at the entrance to the examination hall from the hour of commencement of the first batch and take their chance of being provided with seats in the first or in any subsequent batch. To avoid all inconvenience and possible disappointment, heads of institutions who are desirous that their pupils should be examined in batches and private candidates who desire to be similarly examined are particularly requested to call at the office on Wednesday, the 26th October 1938, with all the necessary information as to the number and name of candidates that will

attend at the particular batch on the day fixed for the examination and obtain tickets of admission several days. *No tickets are on any account to be sent by post whether to heads of institutions or to private candidates.*

21. Candidates that have such a separate machine and that do not want to be examined in batches are requested to appear for their examination with the third batch for the *Lower grade*. But this does not preclude them from registering their names for that batch and obtaining tickets accordingly.

22. Candidates for the *Higher grade* may appear for the first or second batch at their option and *no tickets accordingly are issued for this grade.*

23. Instructor's Hall Ticket.—Managers or Instructors of Institutions and other persons who wish to be allowed into the examination hall in the intervals between the examinations of the various batches to inspect the machines and remedy any defects, are requested to call at the office on Wednesday, the 25th October 1933, and have their names registered. Tickets of admission specifying their names, the institution to which they belong, etc., will be issued to them and these should be produced at the entrance to the examination hall.

Hall of Machines and to the Maynard.

Attention is particularly drawn to the following rules:—

24. No candidate will be allowed to enter the examination hall unless he wears a clean and decent dress, and in all cases where good manners require it, a suitable covering for the head, nor will he be allowed to keep his shoes on unless they are shoes of English pattern, and socks and trousers are worn also.

25. No candidate suffering from any contagious disease will be admitted to the examination hall.

26. With a view to prove their identity to the Chief Superintendent at the examination, candidates will be required to produce, on the first day of their appearance for the examination, an identification certificate from a responsible person, preferably a Government official. Candidates appearing from recognised or approved schools should also obtain a similar certificate from the head of the institution concerned.

The following form of identification certificate is prescribed :—

1. This is to certify that the bearer .... is known to me and that he is a bona fide candidate appearing for the Government Technical Examinations in ... ... (subjects with grades have to be specified).

2. The signature of the candidate affixed below was taken in my presence.

27. Candidates are requested to note carefully whether their names have been printed in the nominal list and satisfy themselves whether particulars printed tally with those as given by them in their applications for admission to the examinations, so that any alteration with regard to their initials, name or class of community or any other correction that may appear necessary might be pointed out by them in writing to the Chief Superintendent.

28. *No candidate will, on any account,* be allowed to take into *the examination hall slates, books, or portion of a book, ruled sheets, manuscripts or papers of any kind.* Any candidate detected in the violation of this rule or detected in speaking to or in any way communicating with or copying from each other and in communicating with any other person outside the examination hall or having recourse to any unfair practices will be sent out of the hall forthwith, and his conduct reported to the Commissioner for disciplinary action. The use of mathematical instruments for drawing figures or ruling lines will, however, be allowed.

29. Strict silence should be maintained in the examination hall.

30. Candidates are expected to take their seats in the examination hall at least five minutes before the time fixed for giving out the question papers. No candidate will be allowed to quit the examination hall on any day until the expiration of half an hour from the time fixed for the commencement of the examinations and candidates arriving after the expiration of that half-hour will not be admitted.

31. No candidate will be allowed to re-enter the examination hall during the hours of examination after once quitting it, nor to leave the hall without finally giving up his answer papers.

32. Candidates are forbidden to note down the answer to any question on the question paper itself; they will not be allowed to take any papers, except those question papers, out of the examination hall.

33. Candidates are forbidden to tear up paper, or to throw ink or papers on the floor. All 'spoilt' papers, etc., should be left on the desk where the candidate has been writing.

34. Candidates may have to write their answers on both sides of the paper supplied to them and they will receive the necessary instructions on this point in the examination hall from the Chief Superintendent of the examinations.

35. No candidate will be allowed to exceed the time assigned to each paper.

36. As soon as candidates have finished writing their answers and wish to give up their answer papers, or at the end of the period prescribed for each particular part of the examination, each should rise from his seat and remain standing until one of the Superintendents has given up to him and has received his answer paper from him. Any candidate wishing to ask any question of the Superintendent will pursue the same course but will on no account leave his seat.

37. The answer papers should be stitched or pinned together at the upper left hand corner, and the whole folded into two, lengthwise (not crosswise into four). The register number, the place of examination and also (in the case of the examinations in Typewriting, the name and Model number of the Typewriter used) should be written out clearly by the candidates on the top right-hand side of the first page of the answer paper, as well as on the top of the paper after it is folded.

IN.B.—(1) Candidates are strictly forbidden to write or type their names in the answer papers.

(2) Candidates should distinctly understand that failure to furnish even any one of them in full may involve the rejection of valuable 100% answer papers—particularly any answer paper sent or whether the candidate's register number and name or name will not be valued.)

38. Candidates whose names are not in the printed list furnished to the Chief Superintendent must submit a written declaration through the Chief Superintendent giving full particulars in regard to themselves *including their address*, and furnish such evidence as may be possible of their having applied for admission to the examinations at the proper time and paid the prescribed fees. The answer papers of such candidates will not be valued unless it is clear that the omission of their names is due to no fault of theirs.

39. Candidates choosing to change their place of examination without previous permission, or appearing at any centre other than the one at which they ought to have appeared according to the notice published in the Gazette, must not expect to have their papers valued or their results published. In all cases where permission has been granted, the memorandum or letter permitting the change should be produced for the satisfaction of the Superintendents.

40. *Any candidate who does not behave properly towards the Chief and Assistant Superintendents of the examinations or is suspected of having had recourse to malpractice of any kind in connection with the examination or whose answer papers contain objectionable matter*, is liable to have his examination annulled and also to be debarred from appearing again for any of the examinations under the control of the Commissioner for such term of years as *the Commissioner may think fit*; or, *if the Commissioner is not satisfied for any reason whatever as to the trustworthiness of his results, he may be required to undergo a re-examination at some future date to be fixed by the Commissioner as may one or more of the subjects of the examination for which he appeared, his success or failure being determined on the result of such re-examination.*

41. Candidates are forbidden to communicate with the Examiners; should they do so, their answer papers will not be valued and further their conduct will be reported to the Commissioner for any action that he may deem fit.

42. No information can be furnished in regard to the results of a candidate in any subject or in regard to the marks obtained by him or in regard to the particular section or subdivision in which he may have failed. The names of successful candidates in each subject arranged in two classes, first and Second will be published in the *Fort St. George Gazette*. The pass-list for each grade of a subject as published in the Gazette is complete and final. Applications from or on behalf of unsuccessful candidates asking for information as to the cause of failure or for revaluation of the answer papers will not be attended to. No revaluation of answer papers is permissible.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of State on the 9th September 1938:—

C. OF S. BILL No. 5 OF 1938.

A Bill to amend certain provisions of the Indian Penal Code

1. In Explanation I of the section delete the sentence "and all feeling of enmity." Amendment of section 124 A.

2. In Explanation II delete the whole sentence after the words "lawful means" and before the words "do not . . ."

3. In Explanation III delete the whole sentence after the word "Government" and before the words "do not . . ."

Amendment of section 153A.

4. In the section between the word "otherwise" and the word "promotes" add the word "intentionally."

5. In the Explanation of the section delete the words "without malicious intention and" and add at the end of the Explanation "or to advance the cause of one's own community or class or to criticise the action of other community or class which is behaving in an antagonistic manner towards any other community or class."

STATEMENT OF OBJECTS AND REASONS.

Under the Government of India Act of 1935, the form of Government has considerably changed and provincial autonomy has been granted and consequently the administration of provinces has come into the hands of such bodies which are either predominantly Hindu or Muslim and at least one of such bodies has the object of abolishing zamindari system altogether or reduce it to the status of an institution of tax collectors. The feeling between Hindus and Muslims is so bitter and the mutual mistrust is so high that one community does not expect fair play from the other.

The Congress, which is for all intent and purposes a Hindu body and is administering good many provinces, has also some such ideals As are against the interest of certain classes in certain provinces. Under the present condition of this country it is very dangerous and unjust to give such a weapon as sections 124A and 153A to their present form in the hands of any community or class in power which may be used as a means of oppression of other community or classes, and therefore it is necessary to amend the two sections in such a manner as to avoid any danger at misuse with a view to oppress others.

SYED MOHAMED HUSAIN.

ALLAHABAD,
The 27th June 1938.

The following Bill was introduced in the Council of State on the 9th September 1938 :—

10. For the purposes of this Act a person shall be deemed to die intestate in respect of all property of which he has not made a testamentary disposition, which is capable of taking effect.

STATEMENT OF OBJECTS AND REASONS

Under the Hindu Law as it stands at present, a Hindu wife is entitled to succeed to her husband's property, if he is not a member of a joint family and dies without male issue. A Hindu daughter is also entitled under the present Hindu Law to succeed to her father's property, if he dies leaving no son or wife and no other co-parcener with whom he was joint at the time of his death. A Hindu woman also gets a share on partition between her sons or between her husband and a son. The law of the Madras School, however, does not allot her a share on partition but allows only a provision to be made for her maintenance. The recent legislation has done some justice to a Hindu widow by improving her rights in her husband's property after his death. The property which a Hindu woman gets either by inheritance, succession or on partition, whether under the Hindu Law or under the recent enactment as, however, a limited interest which, on her death, passes not to her heirs but to the heirs of her husband, however remote (and except a daughter under the Bombay School), whether the property is inherited by a wife, daughter or mother of a Hindu, she can only enjoy the income of it but cannot dispose of the corpus, while a daughter's son and a remote male heir of the last full owner on his succeeding to the property becomes its full owner.

With a view to enlarge her restricted rights to property by section 3 of the Bill, it is proposed that the property which a Hindu woman gets under the present law should be her absolute property like that of a male heir, instead of the limited interest which the law gives her now. It will thus be seen that this section only enlarges the nature of the interest which she possesses under the existing law.

Section 4 of the Bill seeks to define the order of succession to such absolute estate which a Hindu woman would acquire under section 3.

The proposed order of succession is more equitable and simpler to work than the complicated order of success on to *Stridhana* property, which makes a distinction between unmarried and married daughters and unprovided and provided daughters. On the whole it is in consonance with Hindu ideas and sentiments of devolution of property among members of the same family.

Sections 5 and 6 of the Bill do not in any way change the existing law embodied in section 3 of the Hindu Women's Rights to Property Act. Although the Act has been amended, it still requires some verbal modifications. With this object, section 3 of the Act has been recast to remove certain ambiguities arising from the expression "Same share as a son" at the end of section 3 (i)

In several systems of law in European countries also, the rights of women in property at one time were restricted, which, however, have been subsequently enlarged by legislation. In view of the modern conditions of life, it is but just and equitable that the rights of Hindu women in property should be similar enlarged by converting their limited interest into absolute ownership.

The following Bill was introduced in the Council of State on the 13th September 1938 —

C. OF S. BILL No. 7 OF 1938.

Whereas it is expedient to provide for submission of certain statements for statistical purposes by companies incorporated in or carrying on business in British India, for the purposes hereinafter appearing; It is enacted as follows:—

1. (1) This Act may be called the Dividends and Interest Returns Act, 193 .

(2) It shall apply to the whole of British India and shall come into force on such date as it receives the assent of the Governor-General.

"Bonus" means a premium paid in addition to interest on a loan or extra dividend paid to shareholders.

3. Every company incorporated in India shall submit, before the 30th of June of each year, a statement of the aggregate payments made or which have become payable by it in respect of interest, dividends and bonus separately, during the year ending 31st of March next preceding, showing separately amounts paid or payable to Indians, non-Indian British subjects domiciled in British India, in the United Kingdom, other individuals, and companies incorporated in India, in the United Kingdom and elsewhere in such form as may be prescribed by rules made under this Act.

Provided that nothing in this section shall apply to the disclosure of any such particulars to any person acting in the execution of this Act, where it is necessary to disclose the same to him for the purpose of this Act

STATEMENT OF OBJECTS AND REASONS

For measuring the economic progress of the country and ascertaining the relative position of foreign and Indian capital in this country, it is necessary that Government should be in possession of full particulars for compiling and publishing statistics, showing interest, dividend and bonus, paid by companies incorporated in British India and by companies doing business in British India, to Indians, non-Indian British subjects domiciled in British India, domiciled in the United Kingdom and other individuals and companies incorporated in British India, in the United Kingdom and elsewhere separately. Hence it is necessary to provide by law for the submission of such statements.

G. S. MOTILAL.

The 16th July 1938

The following Bill was introduced in the Council of State on the 13th September 1938.—

C. OF S. BILL No. 8 OF 1938.

A Bill to amend certain provisions of the Criminal Procedure Code (Act 5 of 1898, as amended in 1923)

1. Amendment of section 161.

Add following at the end of clause (3): "and all the material portions of such statement shall be recorded in the general diary."

2. Amendment of section 244

In clause (*f*) after the words "any other magistrate" add "*of first class not being an Honorary Magistrate*" and delete "not being a magistrate of the first class."

Add at the end of the section the following proviso:—

"Provided that no order under this section shall be passed against any one, who in acting under a civil court decree according to the directions contained therein, or in doing an act, which is not illegal, unless the act is done in such a manner as is likely to cause an apprehension of breach of peace, in which case the magistrate may impose suitable conditions for performance of the said Act."

3. Amendment of section 207

After the words "in the opinion of the magistrate" add "*in a case in which adequate punishment cannot be inflicted by him, or in a cross case of another case, which has been committed to the court of session or the High Court, and in the opinion of the magistrate is of such a nature that it ought to be tried with that case.*"

4. Add the following new section as section 214 —

"In a case exclusively triable by the court of session or the High Court, if the magistrate, after taking some evidence, is of opinion that a *prima facie* case has been made out, he may frame a charge and may commit the accused to the court of session or the High Court as the case may be without taking further evidence for the prosecution or the defence, or if all the accused apply to the magistrate to commit the case without taking any evidence, the magistrate may forthwith frame a charge and commit the case to the court of session or the High Court as the case may be. In such cases the accused will be given a list of all the witnesses and the documents which the prosecution intends to produce at the trial before he is called upon to furnish a list of defence witnesses and on the application of the accused copies of the statement of prosecution witnesses examined by the police or the magistrate will be given to him free of charge and the accused will also be entitled to inspect free of charge all the documents intended to be produced by the prosecution at the trial."

6. Amendment of section 269.

Substitute the following in place of the existing section "Trials before a court of session shall be by jury only in cases to which section 269 applies."

6. Amendment of section 309.

Omit the sentence "with the aid of jurors as assessors" in sub-clause (3)

7. Amendment of sections 284, 284A, 285, 285A, 286, 293, 294, 295 and 309.

Omit sections 284, 284A, 285 and clause (*f*) of section 309.

Omit "or section 284A" from section 285A. Omit "or assessors" in sections 286, 293, 294 and 295.

STATEMENT OF OBJECTS AND REASONS.

The police has changed its method of recording the statements of witnesses in such a way that the object of the amendment of section 162 cannot be achieved. Moreover, in view of the proposed addition of section 214 the amendment of section 361 is necessary.

Section 144 is much too wide and in spite of its amendment it has been misused causing great hardship and injustice to people.

Section 307 has been misunderstood in many cases and such cases are committed to the court of session which should never go to a court which has more important work to do.

In good many cases unnecessary delay and expense can be avoided by adding the section 214 as proposed and will do no harm to the accused or any one concerned.

The trial by the aid of assessors should altogether be stopped. The majority of assessors take no interest in the trial and the court hardly attaches any importance to their opinion. It is a sheer waste of public time and money.

The 17th June 1939 SYED MOHAMED HUSAIN.

The Governor General in his discretion has been pleased to accord the sanction required by clause (a) of sub-section (1) of section 108 of the Government of India Act, 1935.

The following Bill was introduced in the Council of State on the 15th September 1938:—

C. OF S. BILL No. 9 OF 1938.

A Bill further to amend the Code of Civil Procedure, 1908, for certain purposes,

Whereas it is expedient further to amend the Code of Civil Procedure, 1908;

Whereas it is expedient further to amend the Code of Civil Procedure, 1908;

2. In section 105 of the said Act, the following sub-paragraphs be added to sub-section (1) thereof:—

(j) an order made without jurisdiction or which a Court was incompetent to make;

(k) an order affecting, determining or concluding any right or liability of any of the parties to the suit including their representatives in interest

---

STATEMENT OF OBJECTS AND REASONS

Whereas doubts, difficulties and confusion have arisen relating to the maintainability of an appeal from an "Order" under the Letters Patent of the various High Courts in India on account of numerous apparently conflicting decisions

The word "Judgment" used in the Letters Patent of the High Courts is responsible for such conflicting decisions

It has become necessary to set at rest such diversity of judicial opinion prevailing in various High Courts in India and the aim of this Bill is to remove such diversity so far as practicable

The proposed amendment in sub-section (j) has been made on the basis of the observation of the Judicial Committee reported in I.L.R. 9 Calcutta, 492, viz., 'they are unable to agree with the Chief Justice that if a Judge of a High Court makes an order on a non-apprehension of the extent of his jurisdiction, the High Court have no power, by appeal or otherwise, to set any right such a miscarriage of justice" per Sir Robert Collier. One of the High Courts has lately doubted whether the observation of the Judicial Committee still applies as appeals from orders are now solely governed by the Civil Procedure Code

The words in the same sub-clause, viz., "which a Court was incompetent to make' have been taken literally from the decision of the Judicial Committee reported in 30 C.W.N. 460 and 462 in order to emphasise the same position and to bring into harmony the position in respect of appeals from orders to the High Court with appeals to His Majesty in Council, there being slight difference between the wordings of the two clauses of the Letters Patent.

The other provision, viz., sub-clause (k) of the Bill, has been adopted with a view to give legislative sanction to an old Calcutta decision which has been followed ever since 1872 by the majority of the High Courts in India until some recent decisions to the contrary.

SUSIL KUMAR ROY CHOWDHURY.

The following Bill was introduced in the Council of State on the 15th September, 1938:—

C. OF S. BILL No. 10 OF 1938.

A Bill to provide for Charitable and other Dispositions of property.

WHEREAS it is expedient to provide that dispositions or bequests in favour of charity, religious purposes or purposes of public utility shall not fail on the ground of vagueness or uncertainty of object; it is hereby enacted as follows:—

1. This Act may be called the "Charitable Dispositions Act."

2 It extends to the whole of British India.

3. It shall come into force on such date as it receives the assent of the Governor General.

4. No bequest, gift, trust or other disposition, whether contained in a testamentary or non-testamentary writing, shall be void on the ground of—

(i) Vagueness or uncertainty of object where some generic expression is used indicating that the object is charitable or religious or of public utility or more than one of them, though no particular object of any such nature has been specified;

Illustrations of some of the generic expressions:—
"Dharmada," "Sarabau," "Good work," "Purposes of charity," "Purposes of usefulness," "Purposes of public usefulness," "Just and proper acts," "Public benefits," "Good acts",

or

(ii) on the ground that such bequest, gift or trust or disposition is mixed up with other purposes of a definite or indefinite nature, whether charitable or non-charitable or religious or of public utility

5 Such bequest, gift, trust or other disposition shall take effect as if the same were intended to be a contribution for the purpose of primary education imparted by the Provincial Government or the State within whose province or territory the place where the disbursement is to be made is situate and, where no place of disbursement is specified in such writing, the place determined by the trustees or executors of the will or settlement.

6. The Provincial Government may make rules for carrying out the objects or purposes of this Act and may by such rules delegate the powers under this Act to such person as the Provincial Government may think fit.

7. This Act shall apply to all testamentary or non-testamentary dispositions of property executed whether before or after the commencement of this Act but nothing herein contained shall prejudicially affect any decree or order made by any competent Court before the commencement of this Act or to anything done by the Executor, settler, trustee or donee before the commencement of this Act.

STATEMENT OF OBJECTS AND REASONS.

Gifts and bequests made by charitably-inclined persons for charity, religious purposes or for purposes of public utility, unless the purpose has been specified and defined, have been held to be void for vagueness and uncertainty. A gift to "Dharma" has been held to be void on the same ground. It has been held that the object meant by the word "Dharma" was too vague and uncertain for the administration of them to be under the control of a Court. For the same reason, dispositions in favour of "Sarakam" for "purposes of popular usefulness" or "purposes of charity" and for various similar generic expres-

sions, have been held to be void. Even where one of the objects of a disposition was not certain but other objects certain, there too the dispositions have been held by Courts to be void. Hence in order to give effect to the intention of a donor it is necessary to provide that such dispositions shall not fail on the ground of vagueness or uncertainty and further to provide the exact purpose for which they will be used. This Bill, therefore, seeks to provide that bequests, gifts or trusts and other dispositions whether contained in a testamentary or non-testamentary writing shall not be void on the ground of vagueness or uncertainty of object where only some general expression is used indicating that the object is charitable or religious or of public utility, nor on the ground that such bequest, gift or trust or disposition is mixed up with other purposes of a definite or indefinite nature. It is further provided in this Bill that such a disposition shall be construed as if it was intended for the benefit of Primary Education imparted by the Provincial Government or the State within whose province or territory the place where the disbursement is directed to be made is situate. Where no place of disbursement is specified in that writing by the donor, such place as may be determined by the trustees or executors of the will or settlement.

G. S. MOTILAL,
J. D. ANDERSON,
Secretary to the Government of India.

The following Report of the Select Committee on the Bill to amend the law relating to the prevention of cruelty to animals was presented to the Legislative Assembly on the 12th September 1938.—

We, the undersigned, members of the Select Committee to which the Bill to amend the law relating to the prevention of cruelty to animals was referred, have considered the Bill and the papers noted in the margin, and have now the honour to submit this our Report, with the Bill as amended by us annexed thereto.

Pages 1—V

2 *Clause 2.*—We have omitted the provision contained in the Bill to add words in the definition of "animal" specifically including birds in the connotations of the word. We consider that in interpreting the word "animal" the Courts will be guided by the dictionary meaning, which clearly includes birds as organized beings endowed with life, sensation and motion, and we feel that the proposed addition might have the undesired result of restricting the meaning of the word. We have replaced the omitted provision by a definition of the terms "phooka" and "doom dee".

Clause 3.—We have expanded the list of offences given in the clause as drafted, and have revised the wording of the existing clauses. In clause (a) of proposed section 3 we have eliminated the words "cruelly or unnecessarily" as being vague, and have adopted from the English Act the criterion that the treatment penalised as cruel must by such treatment as subjects the animal to unnecessary pain or suffering. The addition made in clause (b) provides for a case overlooked in the draft. In clause (c) we have inserted the words "without justifying cause" in order to provide for cases in which a person may be in possession of a mutilated or ill treated animal without being in any way responsible for the mutilation or ill-treatment, and we have separated the last words of the clause into a new clause (d), and have inserted words showing that the offence consists not in mere possession of, but in offering for sale, an animal killed in an unnecessarily cruel manner. The new clause (e) provides for another cruel practice for which no provision is contained either in the original Act or in the Bill. We have reduced the penalty in the case of a first offence under the section while providing that the penalty contained in the Bill should be retained for a second or subsequent offence.

Clause 4.—We have reduced the penalty for an offence against sub-section (1) of proposed section 3A.

Clause 5.—We have increased the penalties provided for the offence of practising *phooka* to those provided in the recent Bengal Act. We have added a provision enabling the Court inflicting a fine to order payment therefrom of rewards to private persons who have been instrumental in bringing the offender to justice.

Clause 6.—The addition made is purely formal.

Clause 7.—We have altered proposed section 6A to provide that the onus of proving reasonable care to prevent the commission of the offence of *phooka* shall be placed on the owner or person in possession or control of the animal.

In proposed section 6B the main change made is sub-section (2) is intended to secure that an animal shall not be destroyed without the certificate of a Veterinary Officer that destruction is necessary. In sub-section (3) we have provided that other Veterinary Officers than the one in charge of the local area concerned may be empowered to grant the required certificate of fitness for discharge. In sub-section (4) in addition to inserting a reference to panjrapole we have inserted a provision making it possible to exempt poor people from payment of the cost of treatment of animals in an infirmary. We have omitted sub-section (7) which made possible the recovery of any costs in connection with the treatment of an animal not defrayable out of the proceeds of the sale of the animal.

Clause 8.—We have provided for a lesser penalty for an offence under section 7 of the Act when the offence is committed by a person not himself the owner of the diseased animal.

Clause 9 (new).—This new clause inserts a provision with reference to the offence of performing *phooka* on the same lines as the provision already contained in the Act with reference to offences under section 4.

Clause 10 (formerly 9).—The changes made are intended to give to Magistrates of the second class power to issue search warrants under section 8 of the Act, and to require that no police officer below the rank of sub-inspector shall execute such warrants.

Clause 11 (formerly 10).—We have restricted the exercise of the power given by the new sub-section (*2*) of section 10 to police officers above the rank of constable and we have provided that before destroying or ordering the destruction of an animal the police officer must obtain the orders of a Magistrate.

Clause 12 (formerly 11).—We desire that section 4 prohibiting the practice of *phooka* or *dum dev* should be in force as widely as possible at once. We have accordingly by our amendment of section 12 of the Act inserted a provision putting section 4 and such other portions of the Act as are essential to give effect to the provisions of section 4 into effect wherever any portion of the Act is in force.

Clause 13 (formerly 12).—Of the proposed new section 13 we consider that sub-sections (*1*), (*2*) and (*3*) are unnecessary. The powers contained in section 97 of the Code of Criminal Procedure, 1898, appear to us to be adequate, and we are opposed to the grant of these powers to persons other than police officers. We think, however, that the police should have power to arrest without warrant in the case of the offence of performing *phooka*. Accordingly we have omitted sub-sections (*1*) (*2*) and (*3*) of the proposed section 13, and have substituted a section making the offence of *phooka* cognizable. We have retained sub-section (*4*) but in view of its subject-matter have converted it into a separate section. We have expanded the section conferring power to make rules by the addition of certain powers which seem desirable, and we have provided for previous publication of any rules which it is proposed to make. We have omitted the proposed section conferring indemnity from suits or prosecutions on persons concerned in administering the Act.

MINUTES OF DISSENT.

I am glad that the Select Committee has incorporated several provisions in the Bill for checking the practice of 'Phooka' and now it will rest with the Provincial Governments to vigorously apply these sections to eradicate this pernicious evil.

In my opinion the reward of one-tenth of the fine to informers provided in clause (3) sub-section (a) is not sufficiently attractive and should be increased to at least one-fourth of the fine.

I do not agree to the deletion of clause 16 of the original Bill indemnifying a person from legal proceedings in respect of any thing done in good faith under the Act. Without such a clause, the general public on whose support the success of this Act, specially in the matter of checking the practice of Phooka, so much depends, will be afraid to come forward and help in detection of the crime. I am strongly of opinion that the old clause 16 should be restored.

Further I object to the power given in clause 7 section 69 (2) and clause 11 section 10 (3) for the destruction of an animal. In case of cows, bullocks and calves this is most objectionable from religious point of view and may also lead to breach of peace.

BAIJNATH BAJORIA.

The 10th September 1938.

We are of the opinion that sub-section (a) of the proposed section 8C needs modification. As it is, it does not exclude such forms of diversions and sports as ram-fights, buffalo-bull fights, unarmed cock-fights or tiger fights. In our opinion the buffalo-bull fights have been an incentive to the Gawalis to breed good buffalo-bulls. The owners of the buffalo-bulls, rams and birds take good care of their fighting animals and we therefore are of the opinion that only such fights should be penalised as cause mental injury to the animals.

As regards the omission of the proposed section 16, we wish to give an explanation so far as we are concerned. We considered the terms of the section too wide, and wanted to prevent unjustifiable prosecutions under the Act. We cannot imagine that there will be no frivolous or vexatious prosecutions under any circumstances by persons prompted by other motives than laudable ones and acting *mala fides*. While therefore not agreeing to confer an indemnity from prosecutions or suits on persons concerned in administering the Act to the same extent as the section provided, we would like to have a section in the Act which would confer indemnity on such persons by providing that the *bona fides* of such persons shall be a good defence

* Subject to a minute or minutes of dissent.

to suits or prosecutions or other legal proceedings brought against them. We would also fix a short time limit within which such proceedings should be started and provide for a speedy trial of the same to free the persons prosecuted from protracted worries of trials.

GOVIND V. DESHMUKH.
K. RADHA BAI SUBBARAYAN.
AMARENDRANATH CHATTOPADHYAYA.

The 15th September 1938.

We strongly disapprove of clause 14 since we feel that the power of arresting any animal which is, in the opinion of a police constable, suffering from any disablement or maltreatment proposed to be given to a police constable is likely to be widely abused to the detriment of ordinary kisans (peasants) and ignorant bullock cart drivers.

N. G. RANGA.
K. RADHA BAI SUBBARAYAN.

I think the Select Committee has rightly omitted clause 16 of the Bill, conferring indemnity from suits or prosecutions on persons concerned in administration of the Act since the proposed indemnity was likely to be abused and since under normal circumstances the Indian Penal Code already affords adequate protection to all officers of the State so long as they act bona *fide*. To confer such wide powers of indemnity on persons who are not amenable to the discipline of Government service in regard to their actions taken in pursuance of the many sections of this Act which touches the life of owners or care-takers of all kinds of animals is to place ordinary cultivators and workers at the mercy of many mischief-makers.

N. G. RANGA.

We dissent from the recommendations of the majority of the Committee in the following respects:—

Clauses 3 and 4.—The Bill as introduced merely reproduced the penalties provided in the original Act (Act XI of 1890) for the offences specified in section 3 thereof. We consider that these maximum penalties should be returned since the reduced penalties recommended by the Committee will not afford a sufficient deterrent to well-to-do offenders.

Clause 7.—We deprecate the omission of sub-section (7) of the new section 6B which was adopted from legislation already in force in Bombay. This sub-section is necessary to complete the other provisions of the new section, since it has been found that if the cost for which the owner is liable in respect of an animal which has been the subject of an offence exceeds the value of the animal, the owner neglects to remove it when called upon to do so and the balance of the cost after sale of the animal then falls on the Provincial Government or on the infirmary or pinjrapole concerned. The interests of poor owners are sufficiently protected by the discretion allowed to the magistrate by the sub-section or as finally drafted.

Clause 10 (c).—We consider it unnecessary to limit the classes of police officers to whom a warrant may be directed by a competent magistrate or officer in the manner proposed by the Committee. The effect of this limitation is to reduce the facilities for search provided by section 5 (1) of the original Act in respect of the offences there specified, including the offence of Pinjra. Since the police officer will act only under the warrant of a competent court or officer and has no independent authority there is no advantage in restricting action to officers of the rank of sub-inspector or upwards.

Clause 12.—Sub-section (2) proposed to be added to section 15 by this clause was based on section 25 (3) of the Bengal Act (I of 1920) and its object was to minimise the delay in dealing with animals

injured in street accidents. The changes proposed by the Committee will to a large extent defeat the purpose of this sub-section. Since the first action to be taken by a police officer is to summon a veterinary officer there is no advantage in limiting this function to officers above the rank of a constable who are less likely to be available at the scene of an accident, while the provision that after the certificate of the veterinary officer has been given orders must be obtained from a magistrate will greatly increase the delay in obtaining authority for the destruction of the animal.

Clause 13.—While these provisions resemble those of section 57 of the Criminal Procedure Code in so far as police officers are concerned the object of the clause, as originally drafted, was to confer similar powers on other persons authorised by the Provincial Government, such as officers of the S.P.C.A. From this point of view we are strongly inclined to doubt the wisdom of the omission of these sub-sections, which were designed to remove doubts and difficulties experienced in practice.

We also dissent from the omission of the indemnity clause which appeared as a new section 36 under clause 12 of the Bill as introduced. Similar provision exists in section 34 of the Bengal Act (I of 1920). This provision is in our opinion absolutely necessary in order that officers of all kinds engaged in detecting offences under the Act may have proper protection in the performance of their duty.

L.A. BILL NO. 3 OF 1938.

[AS AMENDED BY THE SELECT COMMITTEE.]

(Words underlined or side-lined indicate the amendments suggested by the Select committee. Omissions are indicated by asterisks.)

A Bill to amend the law relating to the prevention of cruelty to animals.

WHEREAS it is expedient further to amend the Prevention of Cruelty to Animals Act, 1890, for the purposes hereinafter appearing; It is hereby enacted as follows:—

Short title.

1. This Act may be called the Prevention of Cruelty to Animals (Amendment) Act, 1938.

2. In * * section 2 of the Prevention of Cruelty to Animals Act, 1890 (hereinafter referred to as the said Act), at the end of clause (1) the word "and" shall be omitted, and after clause (j) the following clause shall be added, namely:—

"(j) *shocks* or *deals* directly or indirectly any process of introducing air or any substance into the female organ of a milch animal with the object of drawing off from the animal any secretion of milk."

Substitution of new section for section 3 Act XI of 1890.

3. For section 3 of the said Act the following section shall be substituted, namely:—

The following Report of the Select Committee on the Bill to regulate the import into British India of drugs and medicines was presented to the Legislative Assembly on the 15th September, 1938 —

We, the undersigned members of the Select Committee to which the Bill to regulate the import into British India of drugs and medicines was referred, have the honour to submit this our Report, with the Bill referred to us annexed thereto.

At a preliminary meeting held on the 2nd of April, 1938, when we considered the various opinions which had been received on the proposals embodied in the Bill we were impressed by the many representations to the effect that a Bill confined as this Bill is to the regulation of the import of drugs, and leaving untouched the control of manufacture in India and distribution of drugs, would in itself go but little way towards solving the wider problems connected with ensuring the purity of drugs in India.

In view of the fact that these two latter aspects of the question were matters on which the Central Legislature could not, unless authorised by the Provinces in pursuance of section 103 of the Government of India Act, 1935, legislate, we desired, before proceeding further with the Bill, that enquiries should be made from Provincial Governments to ascertain to what extent they contemplated complementary legislation to control manufacture and distribution, or in the alternative if they would agree to authorise the Central Legislature to pass uniform legislation for the whole of British India, covering all the aspects of the problem which it was desirable to regulate.

The replies from the Provincial Governments have now been received and are practically unanimously in favour of Central legislation.

Accordingly we recommend that the Bill annexed to this Report should not be proceeded with, but that a new Bill should be prepared on the more comprehensive lines which it is agreed are desirable.

2. The Bill was published in the *Gazette of India*, dated the 28th August, 1937.

The following Bill was introduced in the Legislative Assembly on the 15th September 1938.—

L A BILL No. 21 OF 1938.

A Bill to regulate the extent to which railway property shall be liable to taxation imposed by an authority within a Province.

WHEREAS it is expedient to regulate the extent to which property vested in His Majesty for the purposes of the Central Government by virtue of sections 172 and 173 of the Government of India Act, 1935, being property of a federal railway, shall be liable to taxation imposed by an authority within a Province, It is hereby enacted as follows.—

Short title and extent.

1. (*1*) This Act may be called the Railways (Local Authorities' Taxation) Act, 193 .

(*2*) It extends to the whole of British India.

Definitions.

2. In this Act,—

(*a*) "federal railway" has the meaning assigned to that expression in the Government of India Act, 1935;

(*b*) "local authority" means a local authority as defined in the General Clauses Act, 1897, and includes any authority legally entitled to or entrusted with the control or management of any fund for the maintenance of watchmen or for the conservancy of a river;

X of 1897

(*c*) "railway administration" has the meaning assigned to the expression in clause (*6*) of section 3 of the Indian Railways Act, 1890.

IX of 1890.

Liability of railways to taxation by local authorities.

3. (*1*) In respect of property vested in His Majesty for the purposes of the Central Government by virtue of sections 172 and 173 of the Government of India Act, 1935, being property of a federal railway, a railway administration shall be liable to pay any tax to aid of the funds of any local authority, if and to such extent as the Central Government, by notification in the official Gazette, declares it to be so liable

(*2*) A notification issued under sub-section (*1*) may modify any tax in its application to any railway administration and in particular and without prejudice to the generality of the foregoing power may reduce the rate of the tax in respect of all or any part of the property of the railway administration, or may define the manner in which the tax shall be assessed on any such property or may exempt any particular property or class of property or any specified area from whole or any portion of the tax.

(*3*) While a notification under sub-section (*1*) is in force, the railway administration shall be liable to pay to the local authority either the tax mentioned in the notification or an item thereof such sum, if any, as an officer appointed in this behalf by the Central Government may, having regard to all the circumstances of the case, from time to time determine to be fair and reasonable.

Modification of existing liability to taxation.

4. The Central Government may, by notification in the Official Gazette, revoke or vary any notification issued under clause (*1*) of section 135 of the Indian Railways Act, 1890; and where a notification is so revoked any liability arising out of the notification to pay any tax to any local authority shall cease, and where a notification is so varied the liability arising out of the notification shall be varied accordingly.

IX of 1890.

Saving.

5. Nothing in this Act shall be construed as debarring any railway administration administering a federal railway from entering into a contract with any local authority for the supply of water or light or for the scavenging of railway premises, or for any other service which the local authority may be rendering or be prepared to render within any part of the local area under its control.

STATEMENT OF OBJECTS AND REASONS.

Section 154 of the Indian Railways Act, 1890 provided that no railway property could be subjected to a tax by a local body unless the Governor-General in Council had by notification declared the railway administration concerned to be liable to pay the tax. The Governor-General in Council could at any time revoke or vary a notification under this section. Although the section is still in force it can no longer be applied to State-owned railways because of the provisions of section 154 of the Government of India Act, 1935. This exempts federal property from provincial or local taxation "except in so far as any federal law may otherwise provide," but all the taxes payable by virtue of notifications issued under the Indian Railways Act before 1st April 1937 continue to be payable until a federal law otherwise provides. The position thus is that until such a law is enacted no new tax can be imposed in respect of such property be varied or revoked existing notification in respect of such property be varied or revoked prior to the 1st April 1937 by enabling the Central Government to issue, vary or revoke notifications regarding the liability of State-owned railways to taxation by local bodies.

4. The Committee met for the first time on the 31st March 1938 and decided to circulate the Bill for opinion to all persons interested in the Bill. Accordingly, the Bill was widely circulated. The written opinions received were printed and circulated to the Members of the Committee On the 4th July 1938, the Committee met again and decided to meet at Cannanore on the 21st, 22nd and 23rd July 1938 to take oral evidence. The Committee met at Cannanore on the 21st, 22nd and 23rd July 1938 and examined fifty witnesses. It again met at Madras on the 17th August 1938 and 20th and 21st September 1938 for the consideration of the Bill.

5. The Committee has subjected the Bill to a thorough scrutiny. As a result of such scrutiny and in the light of the evidence which it has heard, it has made the following among other changes in the Bill.

6. *Clause* 2.—As a "tavazhi" includes not only a female and her descendants in the female line, but her sons as well as daughters, the Committee has inserted the words "her children" after the word "female."

As there is more than one instance of a Mappilla tarwad in North Malabar where, by custom, the oldest female member of the tarwad is entitled to be the karnavan, the Committee has added at the end of the definition the words "or where by custom or family usage the right to such management vests in the oldest major female member, such female member."

Clause 5.—This clause refers to the right of anandravans to inspect the inventory and accounts referred to in clauses 3 and 4. As originally worded, it did not restrict the right of inspection to the accounts of one year alone. The right was also given to infant as well as to major anandravans. The Committee has thought it desirable to adopt the language of the corresponding

section of the Madras Marumakkattayam Act, 1932, i.e., section 32, and has accordingly re-drafted the clause as follows :—

> " The inventory and accounts of each year of the Malabar era, shall be available for inspection at the tarwad house by the major anandravans throughout the month of Vrischikam following such year and any such anandravan may take copies of, or extracts from, the same."

The Committee considers that a provision should be made for an application to a court in cases where a karnavan omits to make the inventory and accounts available for inspection as aforesaid, and it has accordingly added a new sub-clause making such provision.

Clause 6—*Sub-clause* (*a*).—The marginal note of this clause is " Right of every member for maintenance "; but as drafted, it gives to every member of a tarwad a right to *the share of the net income* from the tarwad property. Such a provision would, in the opinion of the Committee, be unworkable The Committee thinks that the corresponding provision in section 35 of the Madras Marumakkattayam Act, 1932, is preferable and has accordingly substituted for this clause the following :—

> " Every member of a tarwad, whether living in the tarwad house or not shall be entitled to maintenance consistent with the income and the circumstances of the tarwad."

Clause 6—*Sub-clause* (*b*) —This sub-clause enumerates certain purposes for which the income from the tarwad properties may be utilized and provides for the division of the balance amongst the members of the tarwad. The enumeration of the purposes is found to be defective as it does not include such purposes as the education of the members of the family or *zakat*. The Committee considers it desirable specifically to mention these purposes. At the same time, it does not consider it necessary to refer either to the creation of a reserve fund or to the payment of remuneration to the karnavan The Committee considers it desirable to provide that the surplus, after

meeting the customary and legitimate charges, shall be invested to the best advantage of the family. It has accordingly substituted the following provision for sub-clause (*b*) of clause 6:—

"7. Any surplus left out of the income of a tarwad after providing for the customary or legitimate expenses of the tarwad including charges pertaining to the education, marriage or death of the members of the tarwad, charges necessary for *sakat* or the proper maintenance or upkeep of the tarwad properties, shall be applied by the karnavan in the purchase of immovable property or otherwise invested to the best advantage of the tarwad"

Clause 7.—This clause refers to the alienations made, contracts entered into and debts incurred by a karnavan As it stands, it is too drastic and impracticable. It departs materially from the corresponding provisions of the Madras Marumakkattayam Act, 1932, i.e., sections 33 and 34 The Committee considers that similar provisions are desirable in this Bill also and it has accordingly substituted sections 33 and 34 of the Madras Marumakkattayam Act, 1932, in the place of clause 7.

Clause 8.—This is a new clause not found in the Madras Marumakkattayam Act, 1932, and refers to decrees. In view of the provisions which have been substituted for clause 7, it also becomes unnecessary. It has accordingly been deleted.

New clause.—The Committee has considered it desirable to insert a new provision to the effect that in execution of decrees in favour of anandravans for maintenance, the immovable properties of the tarwad shall not be sold except as a last resort after exhausting all available remedies against the personal property of the karnavan or the income of the tarwad property.

Clause 9.—This clause refers to the removal of a karnavan by an order of court made on an application by an anandravan The Committee considers that it

is desirable that such an important relief as the removal of a karnavan should be asked for not by means of an application to a court but by means of a regular suit. The Committee has also enumerated the grounds on which a suit for the removal of a karnavan can be made, more exhaustively than in the Bill.

Clause 10.—The Committee does not consider it necessary to retain this clause which refers to the remuneration of the karnavan.

Clause 11.—The last words of this clause, i.e., 'which shall then devolve upon the next person according to the custom' have been deleted as unnecessary.

Clause 12.—There is a provision, clause 15, similar to this in Chapter III also. The Committee has omitted both this clause and the corresponding clause in Chapter III, and has inserted in Chapter V relating to general matters a clause referring to both the Chapters.

Clause 13.—This clause refers to the right to claim partition. As originally drafted it enabled a tavazhi or an individual member to claim partition only if the majority of all the major members of the tarwad did not oppose the separation, or consented to the partition. The Committee considers that this pre-requisite of consent of the majority of the major members of the tarwad to the separation of an individual member or of a tavazhi from the tarwad, is unnecessary and is likely to defeat the very object for which the right to claim partition is granted.

As regards the right of an individual member to claim partition, the Committee considers that it is not only in accordance with the spirit of the times but also justified by the bulk of evidence before it. The Bill as introduced enabled a tavazhi by a majority of its members to claim a partition of their shares as a tavazhi. After the recognition of the right of an individual to claim partition of his share, it seems inconsistent to say that a tavazhi can claim to take its share of the tarwad properties only if a majority of its members consent. If the majority of the members

can claim to separate from the tarwad and enjoy their share as a tavazhi, the Committee sees no logical ground for refusing a minority of the tavazhi from equally claiming their share in the tarwad property and enjoying it as a tavazhi. Having provided for the case of one individual member claiming partition, the Committee has considered it appropriate to make a provision for cases where two or more members claim their share and desire to enjoy the same separately from the rest of the tarwad but as a separate tavazhi. The Committee has accordingly re-drafted clause 13, so as to bring about the above result.

The Committee has also provided that for purposes of a claim to partition, a minor can act through his or her mother and in her absence, through his or her guardian under the Islamic Law

The Committee finds that there is a considerable quantity of opinion among the Mappillas that the tarwad house should not be divided among the members but should be available for their common residence, should they so desire. The Committee has, therefore, made a provision to the effect that unless two-thirds of the members of a tarwad desire a partition of the tarwad house, the tarwad house shall not be divided and that it is only in cases where the house is no longer used or required for purposes of residence or is continually neglected that it can be divided among the members of the tarwad entitled thereto.

Clause 15 has already been referred to

7. The Committee has made several other changes, but does not consider it necessary to refer to them in detail.

8. It considers that the changes made by it are important enough to require the republication of the Bill.

9. A copy of the Bill as amended by the Committee is annexed.

Chairman.
